Calculating Income	<p>Logan provides two full documentation options to determine a Borrower qualifying income. Under this program any of the following will be acceptable:</p> <ul style="list-style-type: none"> • 1 Year Full Documentation • 2 Year Full Documentation <p>Wage and Salary Income</p> <p>Income may be documented by a combination of documents below.</p> <ul style="list-style-type: none"> • The Borrower's most recent paystubs reflecting 30 days of pay and YTD earnings, along with IRS W-2 forms covering the most recent year(s). • A verbal Verification of Employment (VOE) from current employer, may not be dated more than 10-calendar days prior to closing date. An email directly from the employer's work email address that identifies the name and title of the verifier and the Borrower's name and current employment status may be used in lieu of a verbal VOE. • The existence of the Borrowers' employer must also be documented via a third-party verification. • A completed, signed, and dated IRS Form 4506-T or 4506-C is required for each Borrower. The form should be executed and the W-2 transcript for each year must be included in the credit file. Any discrepancies between the two (2) documents should be explained and, if necessary, additional documentation obtained to satisfy the discrepancy. <p>Self Employed Income</p> <p>Income may be documented by a combination of documents below.</p> <ul style="list-style-type: none"> • The most recent year of tax returns, personal and business if applicable (including all schedules), signed and dated by each Borrower. (Transcripts are not acceptable in lieu of signed and dated tax returns) • If the Borrower pays themselves wage income, a YTD paystub must be included in the file. • A 3rd party tax professional prepared YTD Profit and Loss Statement (P&L), up to and including the most recent month preceding the loan application date and two business checking account statements for the two most recent months reflected on the P&L. The P&L must be signed and dated by the Borrower. If a gap exists between the tax return ending date and the start date of the YTD P&L, a gap-year P&L is also required. The qualifying income is determined from the tax returns, and the P&L is used to determine the stability of that income. The bank statements for the two most recent months must reflect deposits that support the sales from the P&L and the qualifying income from the priors' years tax returns. • A completed, signed, and dated IRS Form 4506-T or 4506-C is required for each Borrower's personal tax return. The form should be executed, and the transcript(s) for the corresponding number of personal tax returns must be included in the credit file. The tax returns and transcripts should be compared; any discrepancies should be explained and, if necessary, additional documentation obtained to satisfy the discrepancy • Verify the existence of the business within 10 days of the Note date and ensure the business is active, with the following:

	<ul style="list-style-type: none"> ○ a letter from either the businesses tax professional, regulatory agency or licensing bureau, certifying two years of self-employment in the same business, and ○ either a phone listing and/or business address using directory assistance or an internet search. ● The seller must document the source of the information and the name and title of the seller's employee who obtained the information. <p>The underwriter must consider the financial strength of a self-employed Borrower's business</p> <p>Rental income</p> <p>If a Borrower has a history of renting the subject or another property, generally the rental income will be reported on IRS Form 1040, Schedule E of the Borrower's personal tax returns or on Rental Real Estate Income and Expenses of a Partnership or an S Corporation form (IRS Form 8825) of a business tax return. A current lease is required for any existing property owned by the Borrower if rental income is being used in the DTI calculation. If the lease has expired and/or converted to month-to-month, a cancelled check will be required to show the same tenant is renting the unit. If the Borrower does not have a history of renting the subject property or if, in certain cases, the tax returns do not accurately reflect the ongoing income and expenses of the property, the Seller may be justified in using a fully executed current lease agreement. Examples of scenarios that justify the use of a lease agreement are as below:</p> <ul style="list-style-type: none"> ● purchase transactions. ● refinance transactions in which the Borrower purchased the rental property during or subsequent to the last tax return filing. ● Refinance transactions of a property that experienced significant rental interruptions such that income is not reported on the recent tax return (for example, major renovation to a property occurred in the prior year that affected rental income). ● When current lease agreements or market rents reported on Form 1007 or Form 1025 are used, the total gross rents must be multiplied by 75% to determine qualifying rental income. ● Application of Rental Income: <ul style="list-style-type: none"> ○ Primary Residence <ul style="list-style-type: none"> ▪ The monthly qualifying rental income (as defined above) must be added to the Borrower's total monthly income. (The income is not netted against the PITIA of the property.) ▪ The full amount of the mortgage payment (PITIA) must be included in the Borrower's total monthly obligations when calculating the debt-to-income ratio. ○ Investment Property <ul style="list-style-type: none"> ▪ If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the Borrower's total monthly income. ▪ If the monthly qualifying rental income minus PITIA is negative, the monthly net rental loss must be added to the Borrower's total monthly obligations. ▪ The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation. ▪ The full monthly payment for the Borrower's principal residence (full PITIA or monthly rent) must be counted as a monthly obligation. <p>Projected Income</p>
--	---

	<ul style="list-style-type: none"> • Projected income is acceptable for qualifying purposes for a consumer scheduled to start a new job within 60 days of loan closing if there is a guaranteed, non-revocable contract for employment. • The Seller must verify that the Borrower will have sufficient income or cash reserves to support the mortgage payment and any other obligations between loan closing and the start of employment. Examples of this type of scenario are teachers whose contracts begin with the new school year, or physicians beginning a residency after the loan closes. • The income does not qualify if the loan closes more than 60 days before the Borrower starts the new job. <p>Other Income</p> <ul style="list-style-type: none"> • All other income should be documented in accordance with Fannie Mae guidelines.

If applicant is of retirement age, then 70% will be considered for down payment and closing costs. If the Borrower is using vested retirement account for reserves 100% of the value can be used. • Life insurance and annuities- the surrender value of life insurance and annuities can be used to meet the reserve requirements. • Business funds may be used for down payment, closing costs and reserves. The Borrower must be listed as an owner of the account, and the account needs to be verified according to the above requirements. A CPA letter must be included in the credit file that the withdrawal will not harm the financial strength of the business is only required if income from that business is being used to qualify in the Borrower’s debt to income ratio calculation. • The ending balance of business funds used may be the lessor of 100% of the ending balance or the percent of business ownership of the ending balance. If the loan is vesting in the name of the business 100% of the business funds may be used. • Cash-out proceeds can be used to meet the reserve requirement
Ineligible Assets	<ul style="list-style-type: none"> • Non-vested or restricted stock accounts are not eligible for use as down payment or reserves. • Any assets which produce income or are used as income already included in the income calculation are not eligible for use as down payment or reserves. • Assets/funds held outside the U.S. • Cash-on-hand • Sweat equity • Grant funds • Down payment assistance programs • Unsecured loans or cash advances • Crypto Currency
